FABRIC & NOTIONS

Use light-medium weight woven fabrics such as Cotton, Linen, Twill, Viscose, Satin, Crepe. Fabrics with more drape will create a more fluid top.

SIZE CHART

SIZE	6	8	10	12	14	16	18	20	22	24	26	28	30	32

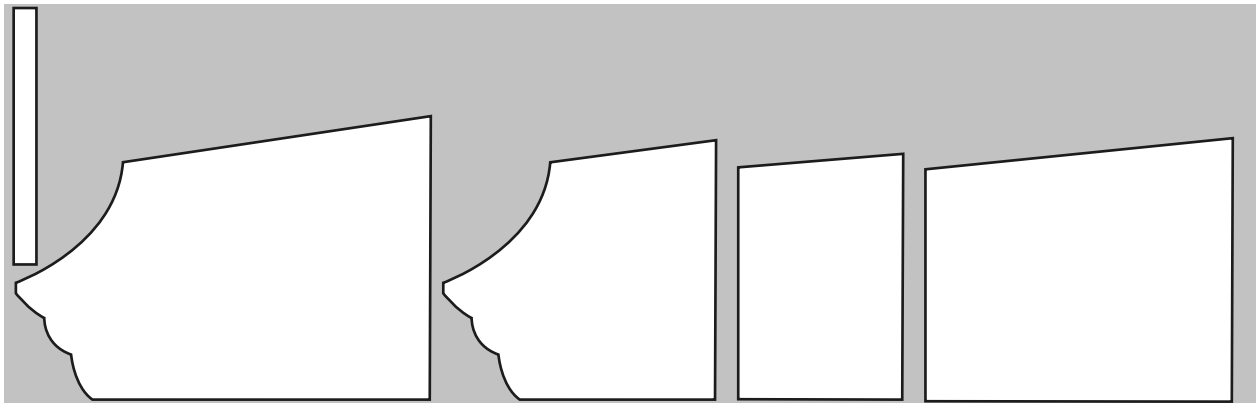
Pattern Layouts

Depending on the width of your fabric and what size you are sewing, you will use less or more fabric. Please see the pattern layouts on this page to determine how much you will need.

ALL SIZES | 2 METRES / 2.2 YARDS

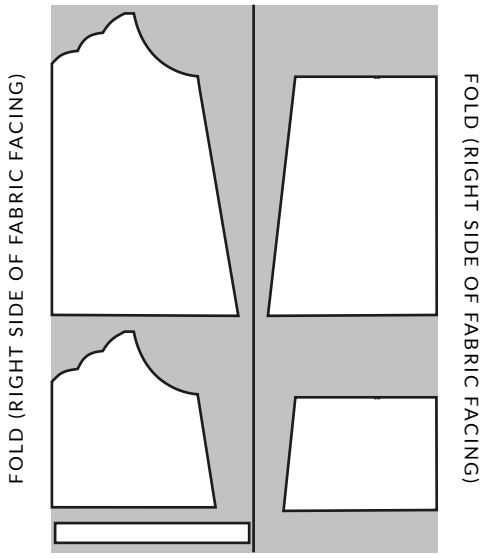
Fabric width: 50" / 127cm



FOLD (RIGHT SIDE OF FABRIC FACING)

SIZES 6 - 14 | 1 METRE / 1.1 YARDS

Fabric width: 55" / 139cm



SIZES 6 - 20 | 1 METRE / 1.1 YARDS

Fabric width: 58" / 147cm

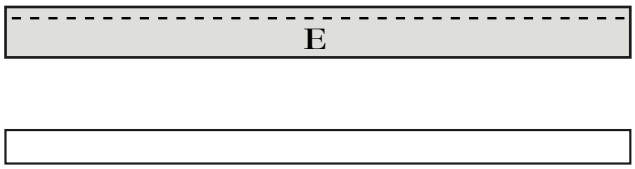
STEP 1 - SEW THE STRAPS

With right sides together, fold the strap (E) in half and press. Sew down the length of the strap using a 3/8" (1cm) seam allowance to achieve a skinny look. Turn the strap right side out with a loop turner or safety pin and give a good press. Repeat for the other strap.

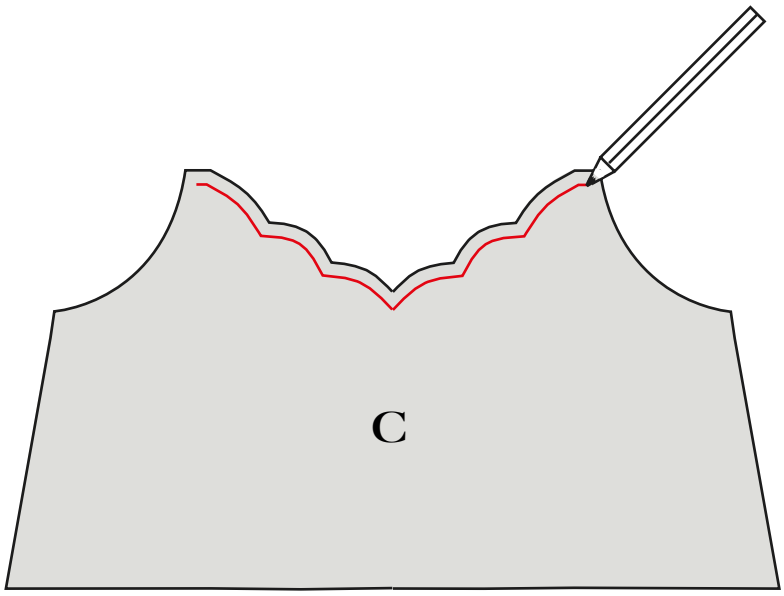


WRONG SIDE OF FABRIC

RIGHT SIDE OF FABRIC

STEP 2 - MARK THE SCALLOPS

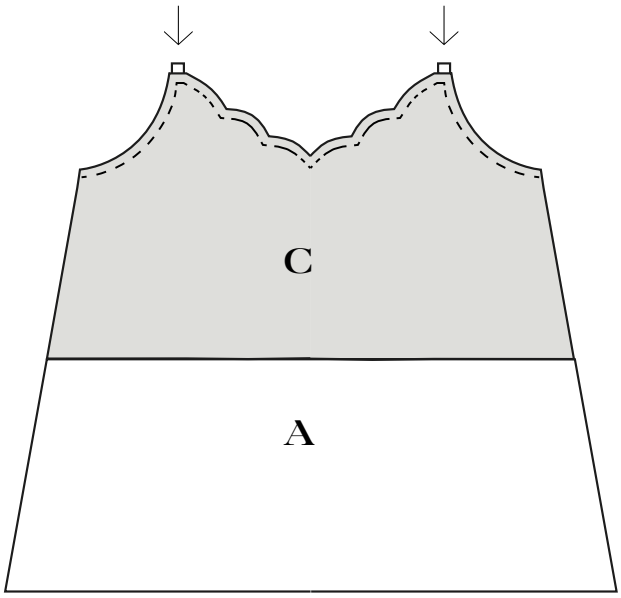
To make it easier to sew the scallop detail on the neckline, I recommend using chalk or a fabric pen to draw the stitching line which uses a 1/2" (1.2cm) seam allowance. Mark this only on the wrong side of the front facing (C). This isn't necessary but can help achieve more even looking scallops. It can be super tricky when sewing curves without any guide but if you feel brave you can always skip this step!



COPYRIGHT © TAMMY HANDMADE, 2022. ALL RIGHTS RESERVED.

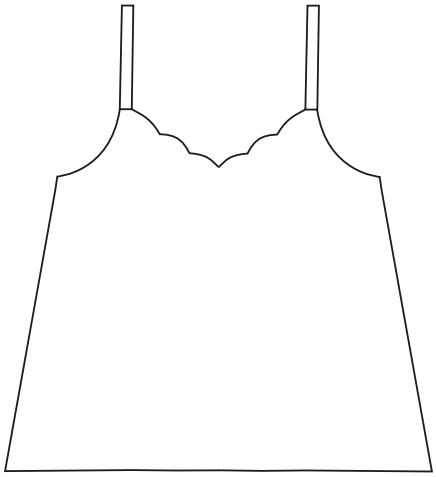
STEP 3 - SEW THE FRONT NECKLINE

With right sides together, place the front facing (C) on top of the front bodice (A) and sandwich the straps in between at the shoulders. Sew the armholes and neckline using a 1/2" (1.2cm) seam allowance and take your time to pivot when sewing the curves. Then snip the seam allowance around the curves without going through the stitches to make it easier to turn.



STEP 4 - PRESS THE NECKLINE

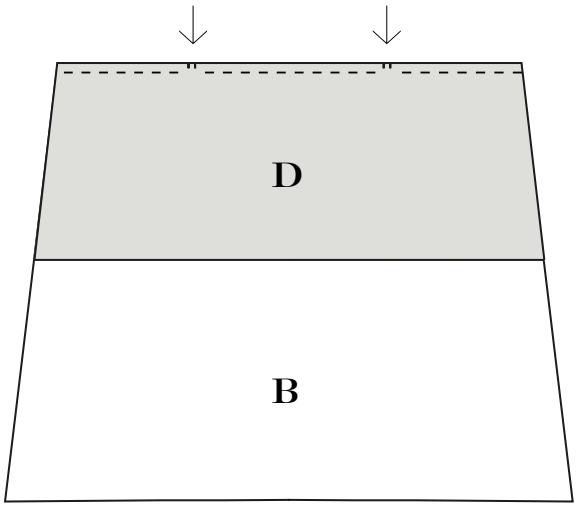
Pull the top to the right side. Using your fingers and something pointy like a pencil pull the scallops out to reveal the curves and press in place. This can take some time and precision but once you have fully pulled out the scallops it'll look very satisfying! If you find the scallops are not as defined as you'd like you can sew deeper points to the curves or you may need to snip closer to the seam before turning over.



COPYRIGHT © TAMMY HANDMADE, 2022. ALL RIGHTS RESERVED.

STEP 5 - SEW THE BACK NECKLINE

With right sides together, place the back facing (D) on top of the back bodice (B). Sew the neckline using a 1/2" (1.2cm) seam allowance and be sure to leave two gaps at the notches so we can insert the straps later. Once done turn the facing towards the wrong side of the back bodice and press flat at the neckline.



STEP 6 - ATTACH THE STRAPS TO THE BACK

With right sides together, place the back bodice on top of the front bodice. Taking the straps from the front, feed them through the gaps we left in the back bodice making sure not to twist them. Pin them in place and sew the gaps closed.

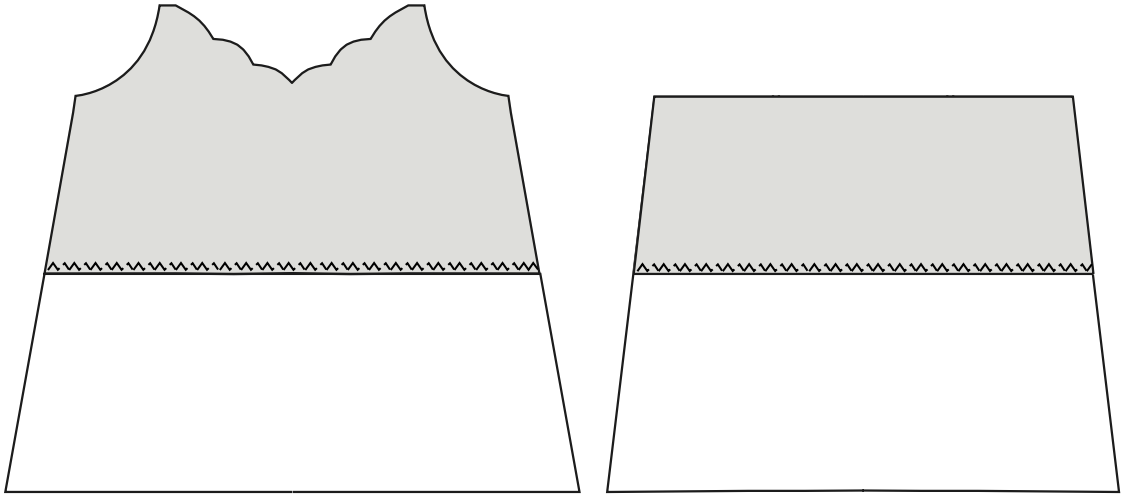
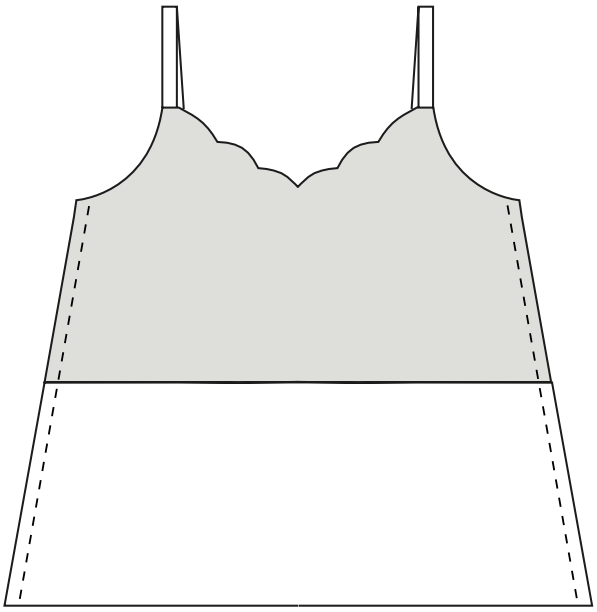
STEP 7 - FINISH THE FACINGS SEPERATLY

Next, we need to finish the front and back facing hems separately using an overlocker, zig-zag stitch or pinking shears, this will ensure a neat finish. Simply fold the facing away from the rest of the garment and finish the hem.



STEP 8 - SEW THE SIDE SEAMS

With right sides together, place the front bodice on top of the back bodice. Pin all four layers together at the side seams and sew using a 1/2" (1.2cm) seam allowance. Finish the seam with an overlocker, zig-zag stitch or pinking shears.



COPYRIGHT © TAMMY HANDMADE, 2022. ALL RIGHTS RESERVED.

STEP 9 - HEM THE TOP

We're nearly at the end! All you have to do now is hem the top by folding the hem towards the wrong side by 1/2" (1.2cm), press and then fold again to create a double hem. Press and pin in place, then stitch along the hem.
